

Sameer Steel Impex Pvt. Ltd.

SINCE 1992

Introduction

Sameer Steel Impex Private Limited, established in 1992, has emerged as a leading supplier and stockist of an extensive range of high-quality steel products. Over the years, we have built a solid reputation in the steel industry, driven by our unwavering commitment to quality, innovation, and customer satisfaction. Our journey began as a small enterprise, and through strategic partnerships and a dedication to excellence, we have grown into a prominent player in the market, serving a diverse clientele across various industries, including construction, civil engineering, and manufacturing.

As a division of Ramanlal Prajapati & Sons Steel (India) Pvt Ltd., Sameer Steel benefits from the rich legacy and expertise of its parent company. Our operations are anchored by the principles of integrity, transparency, and a relentless pursuit of quality. These values have guided us in establishing strong relationships with reputable manufacturers, ensuring that every product we offer meets the highest standards of durability, precision, and reliability.

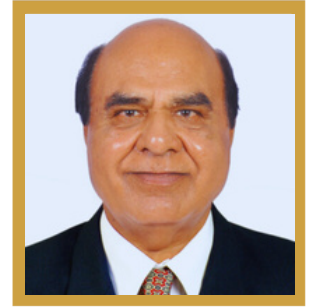

Our product portfolio is diverse, catering to the varied needs of our clients. From alloy round bars and billets to boiler quality plates, steel angles, beams, channels, and specialized forgings, we offer a comprehensive range of products designed to meet the specific requirements of different industries. Each product is meticulously sourced, rigorously inspected, and delivered with the assurance of quality that Sameer Steel is known for.

The success of Sameer Steel is a result of our continuous innovation, a well-organized supply chain, and a team of dedicated professionals who are committed to excellence. We have invested in state-of-the-art warehousing facilities to ensure the safe storage of our products and the timely fulfillment of orders. Our logistics network is robust, enabling us to deliver products efficiently across the nation.

Guided by the visionary leadership of Mr. Ramanlal J. Prajapati, Mr. Mitesh Prajapati, and Mr. Sameer Prajapati, Sameer Steel has not only expanded its market presence but has also earned the trust of clients through consistent quality and reliable service. Their combined expertise and strategic vision have been instrumental in driving the company's growth and establishing its strong foothold in the steel industry.

As we look to the future, Sameer Steel remains committed to maintaining the high standards that have become synonymous with our name. We continue to explore new opportunities for growth, innovation, and expansion, with a focus on meeting the evolving needs of our clients and contributing to the industries we serve. Our journey is one of continuous improvement, and we are dedicated to setting new benchmarks in the steel industry, both domestically and internationally.

A Message from our Founder

A Legacy of Leadership and Excellence – Mr. Ramanlal J. Prajapati

Ramanlal J. Prajapati's remarkable journey in the steel industry began in 1969. After gaining invaluable experience during five years of employment and several more as a steel broker, he laid the foundation of Sameer Steel in 1992. Built on the principles of integrity, quality, and customer-centric service, his vision was clear: to provide reliable steel products backed by unwavering commitment and consistency.

With over 20 years of leadership at the helm of Sameer Steel, Mr. Prajapati's influence is evident in every aspect of the organization. The core values he instilled—integrity, transparency, and dedication—continue to guide our operations and define our company culture. Under his stewardship, Sameer Steel has not only endured the challenges of a competitive market but has flourished, expanding its reach and earning a solid reputation as a trusted supplier and stockist of steel products.

His steadfast commitment to ethical business practices has garnered the loyalty and respect of clients, partners, and employees alike. Mr. Prajapati's ability to foster strong relationships across the supply chain speaks volumes about his exceptional leadership and strategic acumen. The company's adherence to quality standards and reputation for reliability are a direct reflection of his vision and relentless pursuit of excellence.

I have personally witnessed the transformative impact of his strategic planning and decision-making. His deep industry knowledge, innovative mindset, and foresight in anticipating market shifts have been instrumental in navigating complex industry dynamics with confidence and resilience.

More than a business leader, Mr. Prajapati is an inspiration to all of us. His passion for the steel industry and commitment to Sameer Steel's mission have created not just a successful enterprise, but a legacy rooted in values and purpose. His leadership has cultivated a culture of excellence that resonates through every level of our organization.

As we look to the future, I am confident that, under his guidance, Sameer Steel will continue to reach new milestones. His ability to inspire and empower those around him remains a cornerstone of our ongoing success. It is an honor to work alongside him and contribute to a legacy that stands as a benchmark in the industry.

With deep respect and gratitude,
– The Sameer Steel Team

A Message from our Director

Sameer Prajapati,

I hope this message finds you well. I want to take this opportunity to express my heartfelt appreciation for your integral role in shaping the ongoing success of Sameer Steel. Your leadership—rooted in innovation, resilience, and a deep understanding of the steel industry—has been vital in positioning our company for both present-day excellence and future growth.

Your strategic foresight and ability to navigate shifting market conditions have been instrumental in maintaining our competitive edge. The steel industry continues to evolve rapidly, yet you have consistently guided us with clarity and confidence. Your focus on expanding our product range and entering new markets has allowed Sameer Steel to grow stronger and more versatile in serving our clients.

What sets your leadership apart is your unwavering commitment to excellence in every facet of the business. From product quality and operational efficiency to nurturing long-standing relationships with vendors and customers, your influence is clearly reflected in our company's strong reputation for reliability and integrity.

Your passion for innovation continues to inspire. Whether through embracing emerging technologies, enhancing existing product lines, or exploring new opportunities, your efforts have pushed Sameer Steel to the forefront of the industry. You consistently raise the bar, not just for the company but for the entire team.

Equally important is your leadership style—marked by decisiveness, yet grounded in collaboration. You lead with conviction while creating space for diverse perspectives and team contributions. This culture of openness and respect fosters unity and drives us all to perform at our best.

As we look ahead, I am confident that Sameer Steel will continue to thrive under your guidance. Your vision for the future, coupled with your ability to turn that vision into reality, ensures we are well-prepared to seize new opportunities and meet any challenges head-on. It is a privilege to be part of this journey and contribute to the ongoing success of a company built on such strong foundations.

Thank you for your dedication, forward-thinking mindset, and the inspiring leadership you bring to Sameer Steel. I look forward to many more years of shared achievement and growth alongside you.

With sincere respect and appreciation,

Sameer Prajapati

Director, Sameer Steel

A Message from our Director

Mitesh Prajapati,

I hope this message finds you in great health and high spirits. I am writing to express my deepest appreciation for the invaluable contributions you have made to Sameer Steel. Your strategic vision and steadfast leadership have been the cornerstone of our company's growth and the driving force behind the respected name we hold in the steel industry today.

Your profound understanding of the market and ability to anticipate industry trends have had a lasting impact on every facet of our business. From setting uncompromising quality standards to building a product portfolio that serves diverse industries, your dedication has ensured that we consistently deliver excellence to our clients.

The strong vendor relationships you've cultivated over the years have been instrumental in maintaining the reliable supply chains that keep our operations running smoothly. Your commitment to sourcing only the best materials and upholding rigorous quality control practices has set a benchmark that continues to guide our team.

What I admire most is your dynamic yet principled approach to leadership. You balance adaptability with a firm adherence to the values that Sameer Steel was founded on—integrity, reliability, and service. Your ability to lead with both vision and action has allowed us to navigate challenges with confidence and poise, ensuring we remain competitive and forward-thinking in an ever-evolving market.

Your relentless focus on continuous improvement—whether through exploring new product avenues, streamlining operations, or embracing innovation—serves as a powerful example for all of us. This pursuit of excellence motivates the entire team to elevate their performance and remain aligned with the high standards you have established.

Beyond strategy and execution, your leadership shines in the way you engage with the people around you. You foster a collaborative, inclusive environment where every voice is heard, and every idea is valued. This culture of respect and unity has been a defining strength of our team.

As we look to the future, I am filled with optimism knowing that Sameer Steel is under your guidance. Your insight, dedication, and forward-thinking approach will continue to open new doors for the company. I am proud to work alongside you and am excited about the journey ahead as we take Sameer Steel to even greater heights.

Thank you for your unwavering commitment, your visionary leadership, and the legacy of excellence you continue to build.

With sincere respect and admiration,

Mitesh Prajapati

Director, Sameer Steel

MISSION AND VISION

At Sameer Steel Impex Private Limited, our **mission** is to be a leading provider of superior quality steel products that meet the highest standards of durability, precision, and reliability. We are committed to delivering excellence in every aspect of our operations, from sourcing and procurement to warehousing and logistics. Our goal is to consistently exceed the expectations of our clients by offering products that are not only of the highest quality but are also tailored to meet the specific needs of their applications. We believe that by maintaining a customer-centric approach, we can build long-lasting relationships based on trust, integrity, and mutual success.

We strive to be recognized as a reliable and innovative partner in the steel industry, continuously improving our processes, expanding our product offerings, and staying ahead of industry trends. Our mission extends beyond just providing products; it encompasses our dedication to fostering a culture of excellence, where every member of our team is committed to upholding the values that define Sameer Steel. We are passionate about delivering value to our clients, ensuring that every product we supply contributes to the success of their projects and operations.

Our vision is to become a global leader in the steel industry, known for our uncompromising quality, innovative solutions, and commitment to sustainability. We aim to expand our presence beyond the domestic market, establishing Sameer Steel as a trusted name in the international arena. Our vision is driven by a desire to continuously innovate, adopting new technologies and methodologies that enhance our product offerings and improve our operational efficiency.

We envision a future where Sameer Steel not only leads in terms of market share but also in setting industry standards for quality, ethical business practices, and environmental responsibility. We are committed to sustainable growth, ensuring that our operations contribute positively to the environment and the communities we serve. Our vision includes being at the forefront of industry advancements, exploring new materials, and expanding our product range to meet the evolving demands of the global market.

Ultimately, our vision is to create a legacy of excellence, where Sameer Steel is synonymous with trust, quality, and innovation. We are dedicated to achieving this by staying true to our core values, investing in our people, and continuously seeking ways to improve and grow. As we move forward, we will continue to set ambitious goals, challenge ourselves, and strive to be the best in the industry, all while maintaining the high standards that have made us a leader in the steel market.

PRODUCT RANGE

Comprehensive Steel Solutions from Sameer Steel

Sameer Steel offers a diverse and high-quality range of steel products, each carefully sourced and thoroughly tested to meet the highest industry standards. Our product portfolio includes Cold Rolled Sheets (CR Sheets), Hot Rolled Sheets (HR Sheets), and Wire Rods—each known for their exceptional strength, precision, and formability.

We provide Alloy Steel Round Bars and Carbon Steel Round Bars, tailored in various sizes and specifications to meet demanding industrial applications. Mild Steel Round Bars and Steel Pipes are crafted for durability and versatility, making them ideal for construction, fabrication, and infrastructure projects.

Our structural steel offerings include Steel Angles, Steel Channels, and Steel Beams, all engineered for superior load-bearing performance and stability in structural and civil engineering applications.

High-Quality Visuals

To highlight the quality and application of our products, we provide high-resolution images showcasing each product category in real-world industrial and structural settings. These visuals reinforce the performance, versatility, and trust associated with the Sameer Steel brand.

OUR PRODUCTS

Alloy Steel Round Bars & Billets

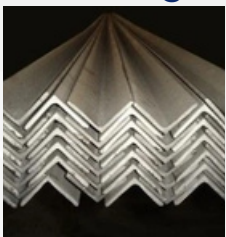

With firm commitment to quality, we are trading and supplying a comprehensive range of Alloy Round Bar & Billet. The products made available by us are available in varied sizes and dimensions to match the variegated requirements of the patrons.

HR Steel Plates

HR (Hot Rolled) steel plates are flat steel products made by rolling heated steel above its recrystallization temperature. They offer good strength, weldability, and are ideal for structural and industrial applications. Common uses include construction, shipbuilding, and heavy machinery.

Steel Angle

We are highly appreciated in the international market for our exquisite collection of Steel Angle. These products are developed by a team of dexterous personnel using quality-approved steel.

Steel Beam

The company has managed to carve a niche in the industry for the supply of a superior quality of Steel Beam which has been procured from well known market vendors who ensure that the products fulfill the quality standards set by the industry.

Carbon Steel Round Bars & Billets

Owing to our experience, we have been successful in catering to the requirements of our esteem clients by offering a qualitative range of Carbon Steel Round Bar & Billet.

Wire Rods

Wire rod is a hot-rolled steel product in coil form, known for its excellent formability and strength. It is widely used in welding electrodes, fasteners, and construction applications. Available in various grades, it serves as a base material for many industrial processes.

Steel Channel

We are a company which is well known in the market as a well know supplier of a superior range of Steel Channels which are high on demand in the market for a range of applications in different industries.

Mild Steel Round Bars & Billets

With thorough industrial knowledge, we are engaged in trading and supplying of a wide range of Mild Steel Round Bar & Billet. Manufactured using cast steel, our range is available in square or rectangular cross-section.

OUR PRODUCTS

Cold Rolled Sheets

Cold rolled sheets are flat steel products made by rolling hot rolled steel at room temperature for improved surface finish and tight thickness tolerances. They offer excellent strength, dimensional accuracy, and formability. Commonly used in automotive, appliances, and construction.

Steel Pipes

Steel pipes are cylindrical tubes made from steel, used to transport fluids and gases or for structural purposes. They offer high strength, durability, and corrosion resistance. Commonly used in construction, oil & gas, plumbing, and manufacturing industries.

QUALITY ASSURANCE

Quality Control Processes: At Sameer Steel, quality assurance is paramount. Our rigorous quality control processes begin with the careful selection of raw materials from trusted vendors. Each product undergoes thorough inspections at multiple stages of the procurement process, including material testing, dimensional accuracy checks, and surface finish evaluations. Our dedicated quality control team ensures that every product meets or exceeds industry standards before it reaches our clients. This commitment to quality extends to our logistics, where we ensure that products are handled with care during transportation to maintain their integrity.

Certifications and Standards: Sameer Steel adheres to the highest industry standards, holding certifications that affirm our commitment to quality. Our products are compliant with relevant international and national standards, ensuring that they meet the rigorous demands of our clients' applications. We are continually updating our processes and certifications to stay aligned with the latest industry developments, reflecting our dedication to delivering only the best.

GODOWN AND LOGISTICS

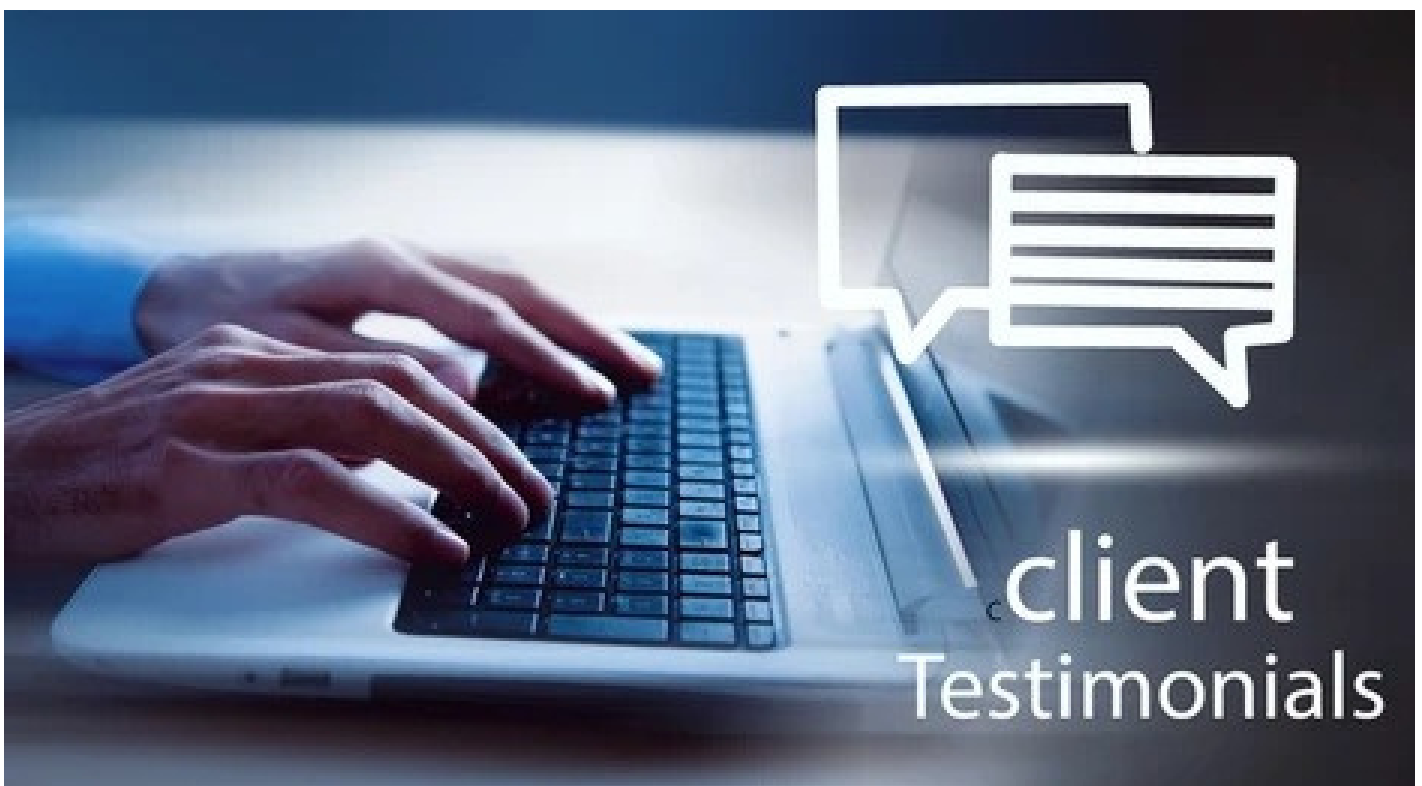

Facilities: Sameer Steel's warehousing facilities are designed to store our extensive range of steel products in optimal conditions. Located strategically in Kalamboli, Panvel, our warehouses are equipped with modern technology, including 10-ton overhead cranes and advanced inventory management systems. These facilities are capable of handling large volumes, ensuring that we can meet the demands of our clients without delay. Our warehouses are divided into specific sections for different product categories, allowing for efficient organization and easy retrieval of stock.

CLIENTELE AND TESTIMONIALS

Client List: Sameer Steel proudly serves a diverse range of clients, including major construction firms, civil engineering companies, and manufacturers across various industries. Our client list includes some of the most respected names in the market, who rely on us for their steel product needs due to our reputation for quality and reliability. These long-standing relationships are a testament to our consistent performance and commitment to customer satisfaction.

Testimonials: Our clients' success stories speak volumes about the quality of our products and services. We have received numerous testimonials from satisfied customers who have praised our products for their durability, precision, and performance. Case studies highlight how our steel products have played a crucial role in the successful completion of major infrastructure projects, reinforcing our position as a trusted partner in the industry. These testimonials are a reflection of our dedication to exceeding client expectations and delivering unparalleled value.

INDUSTRY IMPACT AND SUSTAINABILITY

Industry Contributions: Sameer Steel has made significant contributions to the steel industry, particularly in the construction and civil engineering sectors. Our products have been integral to the development of key infrastructure projects, from high-rise buildings to industrial complexes. We are proud to be a part of projects that have shaped the modern landscape, and our commitment to quality ensures that these structures stand the test of time.

Sustainability Initiatives: Sustainability is a core value at Sameer Steel. We are committed to minimizing our environmental impact through responsible sourcing and efficient operations. Our sustainability initiatives include the use of recycled materials, reducing waste in our processes, and optimizing energy use across our facilities. We are also exploring new technologies and practices that can further reduce our carbon footprint, ensuring that our growth is aligned with the principles of environmental stewardship.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

Community Engagement: At Sameer Steel, we believe in giving back to the communities that support us. Our CSR initiatives focus on a range of activities, from supporting local education and healthcare initiatives to sponsoring community events and providing disaster relief. We are committed to making a positive impact on society, and our employees are encouraged to participate in these efforts, fostering a culture of empathy and social responsibility within the company.

Employee Welfare: We understand that our employees are our greatest asset, and their well-being is a top priority. Sameer Steel offers comprehensive employee welfare programs, including health and wellness initiatives, professional development opportunities, and a supportive work environment. Our commitment to employee welfare not only enhances job satisfaction but also contributes to the overall success and sustainability of the company.
